

# Pool Owners

Waste water generated by pools can contain contaminants such as chlorine, muriatic acid, solids from filtration and sulfur compounds.

- › Hot tub/pool discharges having a bromine or chlorine content of anything above zero parts per million (ppm) is considered an illicit discharge and is subject to fines and/or penalties. The owner is required to provide the test.
- › All discharging of pool water must be documented and approved by the Provo City Storm Water Division.

Contact Provo City Storm Water by calling 801 852 6743 for information on obtaining a Swimming Pool/Hot Tub Discharge Consent Form before discharging water.
