Subject: Support for the 990 West project

Hey Aaron!

I appreciate all the work you do, and wanted to send an email so that you had written confirmation of my family's support of the project Matt Taylor and Dave Cabanilla are proposing for 990 West Center. We live in the neighborhood and we love it.

I also think it will be great for people of provo to see the before / after so that we can get 10-20 more of these buildings put in along Center, 300 south, 500 west, and Freedom after people see how good they are for provo.

Cash

Dear Committee,

While I commend your efforts to develop Provo, I would ask that you focus your attention on providing affordable single family homes that do not have HOA's. There is quite a dearth of such places and families need these kinds of homes in our community.

Thank you,
Amy
