

PET WASTE

- When walking your dog, always carry a plastic bag with you to pick up your pet's waste. Pet waste in water decomposes and removes oxygen from the water; this deprives plants and aquatic animals of necessary oxygen and they can die.
- Pet waste can be flushed down the toilet; however, kitty litter and disposable bags cannot be flushed.
- Pet waste can be buried in the yard by digging a hole at least six (6) inches deep away from gardens, water bodies, or play areas. The microorganisms in the soil help to break down and digest the waste. Do not put waste on the garden or compost pile.

Contact Information:

To report a spill during regular business hours Monday - Thursday 7AM - 6PM contact: Provo City Storm Water at 801-852-6700.

To report a spill after business hours contact Provo City Customer Service by dialing 311.

For general storm water program information contact the Storm Water Quality Program Manager at 801-852-6733, or check out our [website](#). Our offices are located at 1377 S 350 E, Provo.

For waste disposal questions contact: South Utah Valley Solid Waste District at 801 -489-3027 or visit the following website: suvswd.org/what-to-do-with.

Anyone caught discharging anything but rain into the storm drain is subject to penalties and/or fines, plus the cost of clean up. Please help stop storm water pollution at the source.
