If you are a newer business, Ask Yourself:

1. What is the market for my business? Is it attractive?
2. Is my product or service unique in this market?
3. Have I created a team whose abilities and talent can deliver the needed results?
4. Do I have goals and a Business Plan, so I know how to move ahead?
5. Where is the best place to locate my business?
6. Do I need a retail location?
7. Have I explored various financing options?
