

**PROVO NEIGHBORHOOD
DISTRICT PROGRAM**

Welcome to your Neighborhood District Meeting!

PLANT LIST

ABBR.	QTY.	BOTANICAL NAME	COMMON NAME	TYPE	SIZE	SPACING
DECIDUOUS TREES						
ZS	9	Zelkova Serrata	Zelkova Serrata	36" Box	20' H	30' O.C.
DECIDUOUS SHRUBS						
RA	88	Rhus aromatica 'Gro-Low'	Grow Low Sumac	5 Gal		4' O.C.
ORNAMENTAL GRASSES						
BG	141	Bouteloua gracilis 'Blonde Ambition'	Blue Gramma Grass	3 Gal		2' O.C.

LANDSCAPE PLANTING NOTES

- Verify locations of pertinent site improvements installed under other sections. If any part of this plan cannot be followed due to site conditions, contact Landscape Architect for instructions prior to commencing work.
- Exact locations of plant materials shall be approved by the Landscape Architect in the field prior to installation. Stake or otherwise layout all proposed planting for review. Landscape Architect reserves the right to adjust plants to exact location in field.
- Verify plant counts and square footages. Quantities are provided as Owner information only. If quantities on plant list differ from graphic indications, then graphics shall prevail. If graphics are inconclusive contact Landscape Architect for clarification.
- Perform excavation in vicinity of underground utilities and existing tree/plant driplines with care and if necessary, by hand. The Contractor bears full responsibility for this work and disruption or damage to utilities and existing trees/plants shall be repaired or replaced immediately at no expense to the Owner.
- Trees/plants shall bear same relation to finished grade as it bore to existing in place of growth. However, at no point shall it be less than 1 inch above adjacent finish grade.
- Trees shall be planted a minimum of 10 feet from face of building and a minimum of 4 feet from edge of pavement except as approved by Landscape Architect.
- Shrubs shall be planted a minimum of 3 feet from face of building and a minimum of 12 inches from edge of pavement, except as approved by Landscape Architect.
- All other plants (perennials, grasses, groundcover, annuals) shall be planted a minimum of 12 inches from face of building and a minimum of 6 inches from edge of pavement, except as approved by Landscape Architect.
- Provide matching forms and sizes for plant materials within each species and size designated on the drawings.
- Prune newly planted trees only as directed by Landscape Architect.
- Finish grades of planting areas and lawns shall be flush and meet smoothly and evenly with adjacent paving, providing positive drainage. Shovel V-cut edges shall be provided at planting area transitions to adjacent pavement as indicated to allow for mulch installation.
- All planting areas will receive 2" rock mulch. Specification of rock mulch to be approved by Landscape Architect.

PLANT PROTECTION AND REMOVAL NOTES

- All planting material and existing asphalt within the limit of work shall be removed. All curb, gutter, and sidewalks shall remain.
- Remove plants to their full depth, including stumps and roots, unless noted otherwise. Fill depressions to meet finish grade with suitable fill, compact and provide positive drainage unless indicated otherwise.
- Plants encountered that are not shown on the drawings shall be brought to the attention of the Landscape Architect.
- Remove demolished materials and legally dispose of offsite unless indicated otherwise. Disposal by burning and/or burying on-site is prohibited unless approved otherwise.
- Prune roots and limbs/branches only as directed by Landscape Architect unless indicated otherwise.
- The location of existing utilities as shown on the plans may vary in relation to actual existing conditions. Additional utilities not shown on the drawings may exist. Verify in the field the data shown and bring any discrepancies to the attention of the Landscape Architect before starting work.

SITE SOILS NOTES

- Contractor shall coordinate with Owner's Representative for location of stockpile areas for stripped topsoil and planting soil products. Contractor shall ensure area is protected and contamination or disturbance of stored products is not allowed.
- Contractor shall ensure subgrade is scarified prior to installing planting soil to a depth 6-12" inches and blend with initial lift or placement of proposed planting soil.
- Coordinate placement of planting soil with other work, especially utilities. Placement should occur after installation of all hardscape improvements, irrigation system, utilities, etc. and before installation of plants.

PER Provo City Code (PCC) 15.20.120

A minimum of 40% of the landscaping strip must be covered in living vegetation within three years of planting. Living vegetation includes the following: - turf grass - vegetative materials

Total area of landscape:	3,865 SF
Total area of living planting material coverage	2,043 SF
Percentage of coverage:	52%

Provo City School District

Update and report
March 2024

Strategic Plan

Students, parents, employees and community members chose the top 5 priorities for the District. The steering committee and School Board used those to create core values, mission and vision.

Top Priorities

1. Mental Health/ Social Emotional Wellness
2. Student Performance in Math & Reading
3. Ensuring Opportunities for All Learners
4. High School Readiness, Graduation, and Post-graduate Success
5. School Safety

Vision

“Provo City School District is a vibrant learning environment where all students become life-long learners and engaged community members.”

Core Values

- Belonging
- Growth
- Creativity
- Community
- Empowerment

Mission

Welcome, Educate, Inspire.

On the ballot in November

Remove Constitutional Earmark for Education?

- Lawmakers would like to remove the “earmark” for funding education so they can use the money for other needs
- We are 49th in the nation for education funding
- Tying it to removal of food tax
- Complex issue, need to be careful
- Don’t confuse with Constitutional Amendment regarding Trustlands Funds

Other Happenings

Camp Big Springs

June 2024

Shoreline Middle School

On schedule for Fall 2024 opening

Policy

- Student Travel (passed)
- Language Access (passed)
- 1110: Student Board Members
- Electric/Self-propelled transportation on campus

Dixon Property

Held community meetings, gathered feedback.

District Restructure

Moved FTE to schools (vs. District)
Added VP for all Elementaries
Lots of shifting, but good shifting

Legislative Wrap-up

- Met with most of our representatives
- Two Days on the Hill
- 88 Public Ed bills passed

Upcoming Calendar Items

- All-day Board Meeting March 29
- Spring Break April 1-5
- Joint meeting with City Council: April 25 , 12 pm
- Student Board member selection April-May

Selection of Neighborhood District Executive Board Members

- **Former Neighborhood Chairs.**
- **Application.**
- **Open City Hall for public input.**
- **City Council reviews and approves.**
- **Only board members may run for offices.**

Selecting Chair & Vice Chairs

- **Board Member introductions.**
- **Hand out ballots.**
- **Vote for 3 candidates.**
- **Pick up ballots.**
- **Most votes = chair, second & third
most votes = vice chairs.**

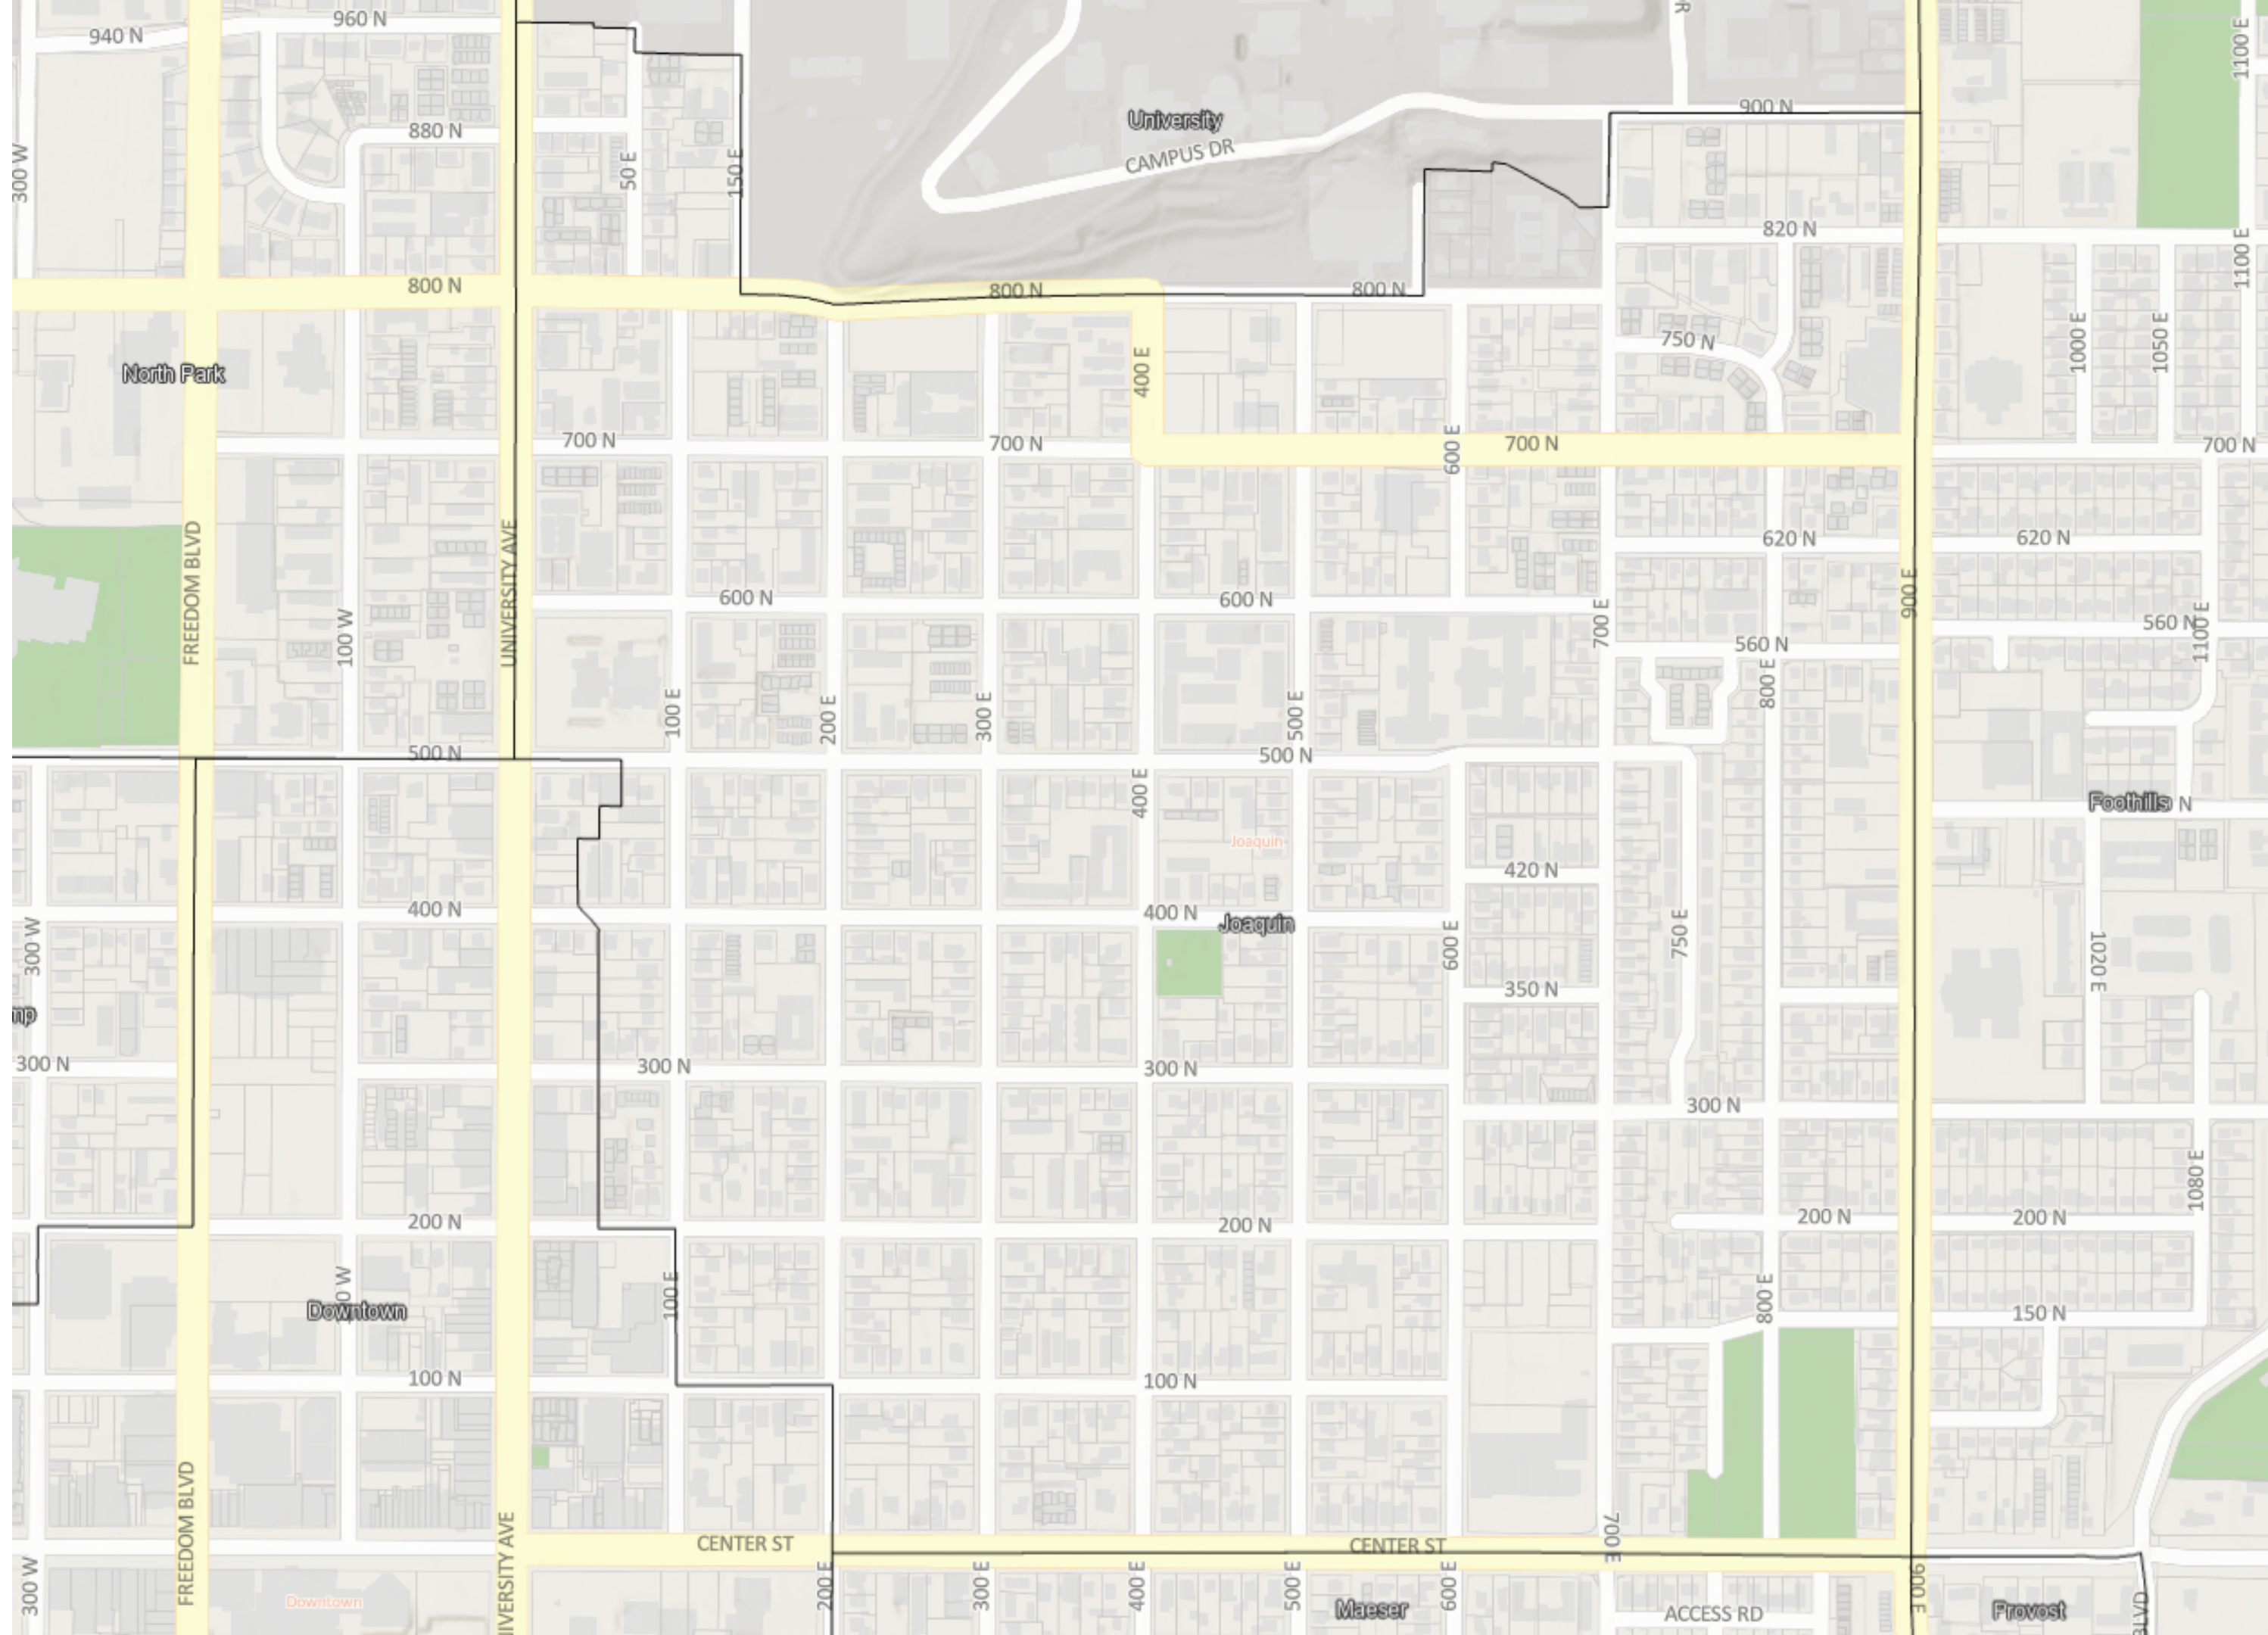

Parking in the Joaquin Neighborhood

At the February 13th City Council priorities meeting, the City Council motioned that they want to explore the idea of a parking plan in the Joaquin Neighborhood.

We want the residents of Joaquin to give their feedback to the City Council before they make any decisions.

Questions to get the conversation going --

- What are the parking problems in Joaquin?*
- Is there on-site parking so you don't need to park on the street?*
- Is on-site parking too expensive?*
- Is there too much parking enforcement?*
- Is there too little parking enforcement?*
- What are your proposed solutions?*
