

# SLATE CANYON DRIVE PARKING

---

Melia Dayley, Council Policy Analyst  
30 April 2024

# GOALS OF PARKING MANAGEMENT

---

Reduce parking congestion along Slate Canyon Drive

Improve overall safety on the road including improving sightlines for residents when backing out of driveways

Regulate overoccupancy in rental units through parking restrictions

# **PARKING REGULATION AREA**

---

On-street parking prohibited between  
12:00 am – 6:00 am

On-street parking open only to permit  
holders between 10:00 pm – 7:00 am

Also include eighteen (18) one-day  
visitor passes and one (1) seven-day  
visitor pass

# **PERMIT PROGRAM AREA**

---

# NEIGHBORHOOD MEETING

---

Provost & Provost South Resident Feedback – April 11, 2024

## Feedback on:

### Parking Congestion

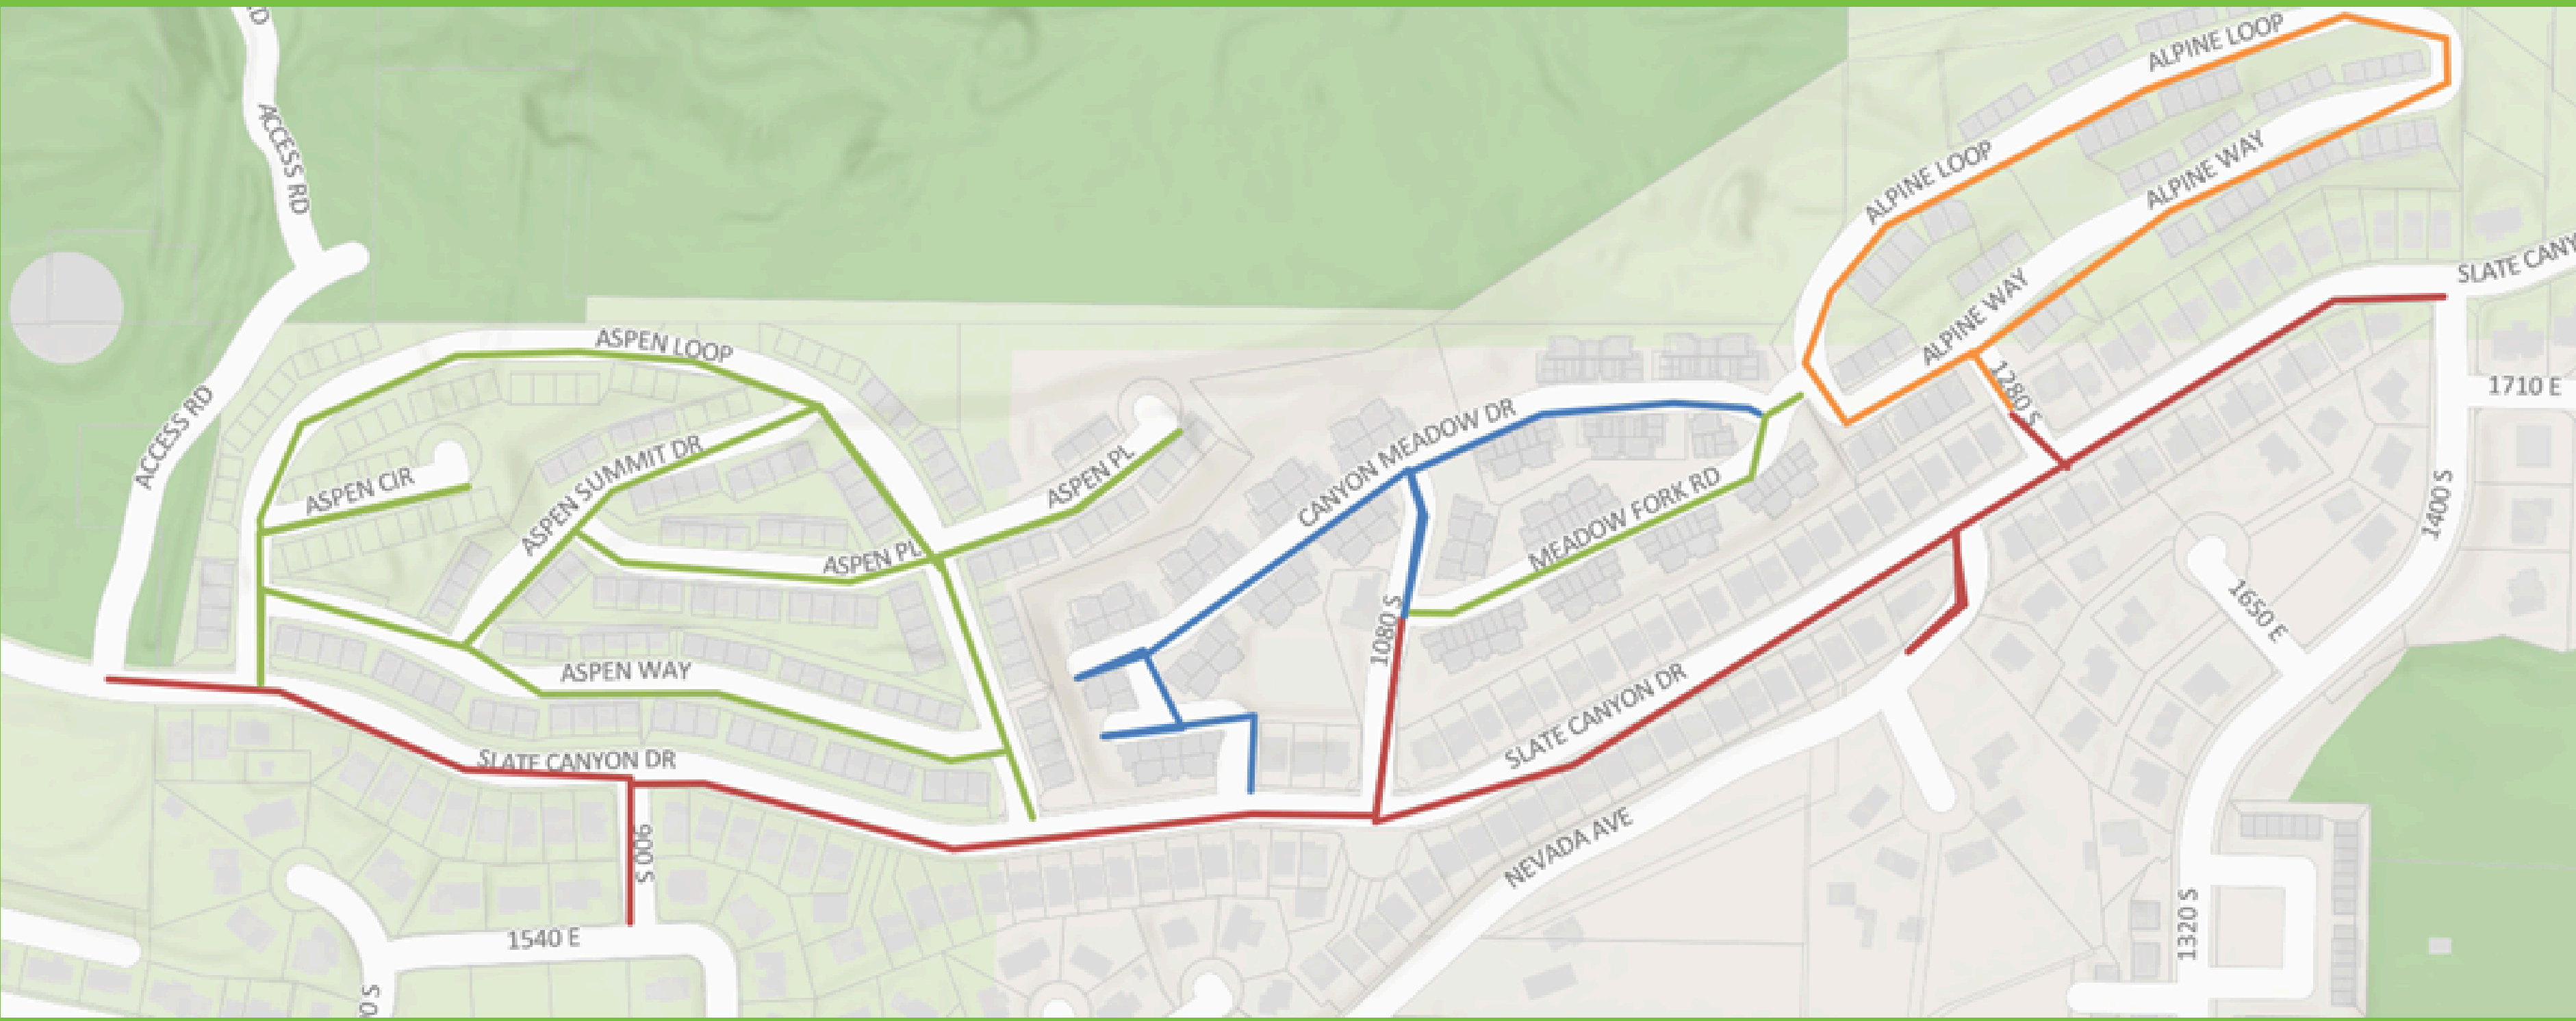

- Create diagonal curbside parking to increase parking spaces
- Have the city add parking lots near the north and south ends of Slate Canyon Drive
- Issue free parking permits to homeowners instead of making them pay for them
- Be allowed to add another driveway to the front of our homes to add more off-street parking space

### Road Safety

- Narrow the road to prevent speeding
- Address speeding first, occupancy second, and parking third
- Stagger diagonal curbside parking so the road is curving and forces people to slow down
- Look again into roundabouts and bulbouts to discourage speeding
- Have more police patrolling speeders on Slate Canyon Drive

### Overoccupancy

- Don't pit families against renters
- Prosecute property managers and HOAs that are knowingly renting to more than 3 singles
- Enforce occupancy first (if parking doesn't improve, then enforce parking)
- Provo City Council should fund more zoning enforcement officers

**\_\_\_\_\_ No Parking Restrictions**

- Slate Canyon Drive

**\_\_\_\_\_ Private**

- Canyon Meadows

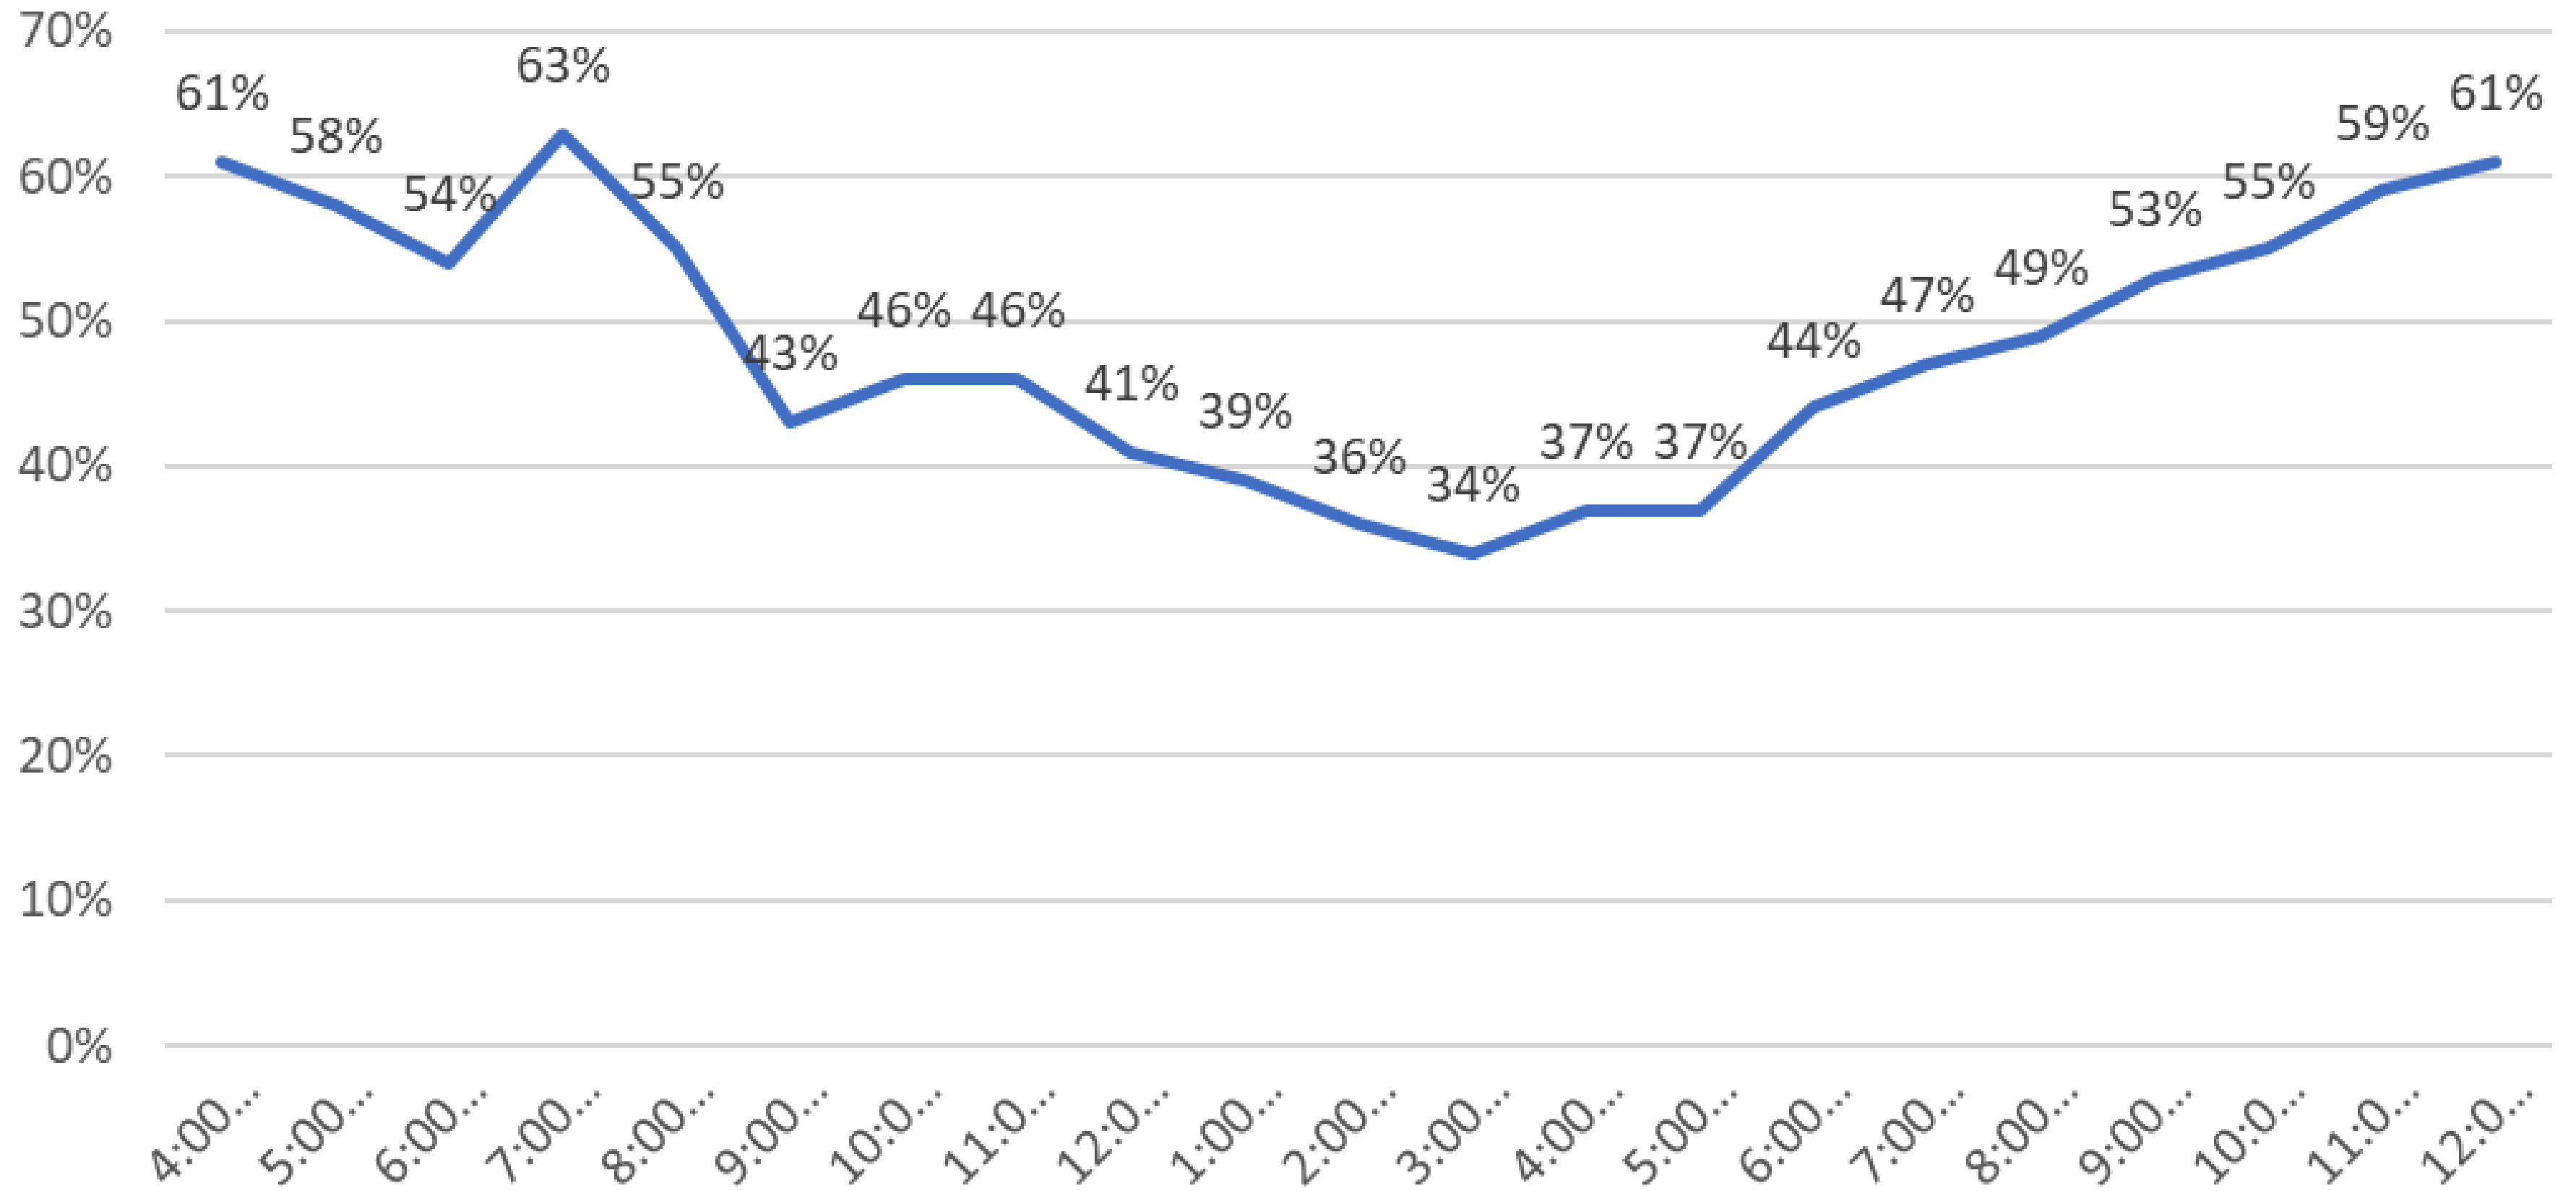

**\_\_\_\_\_ No on-street parking**

- Aspen Summit

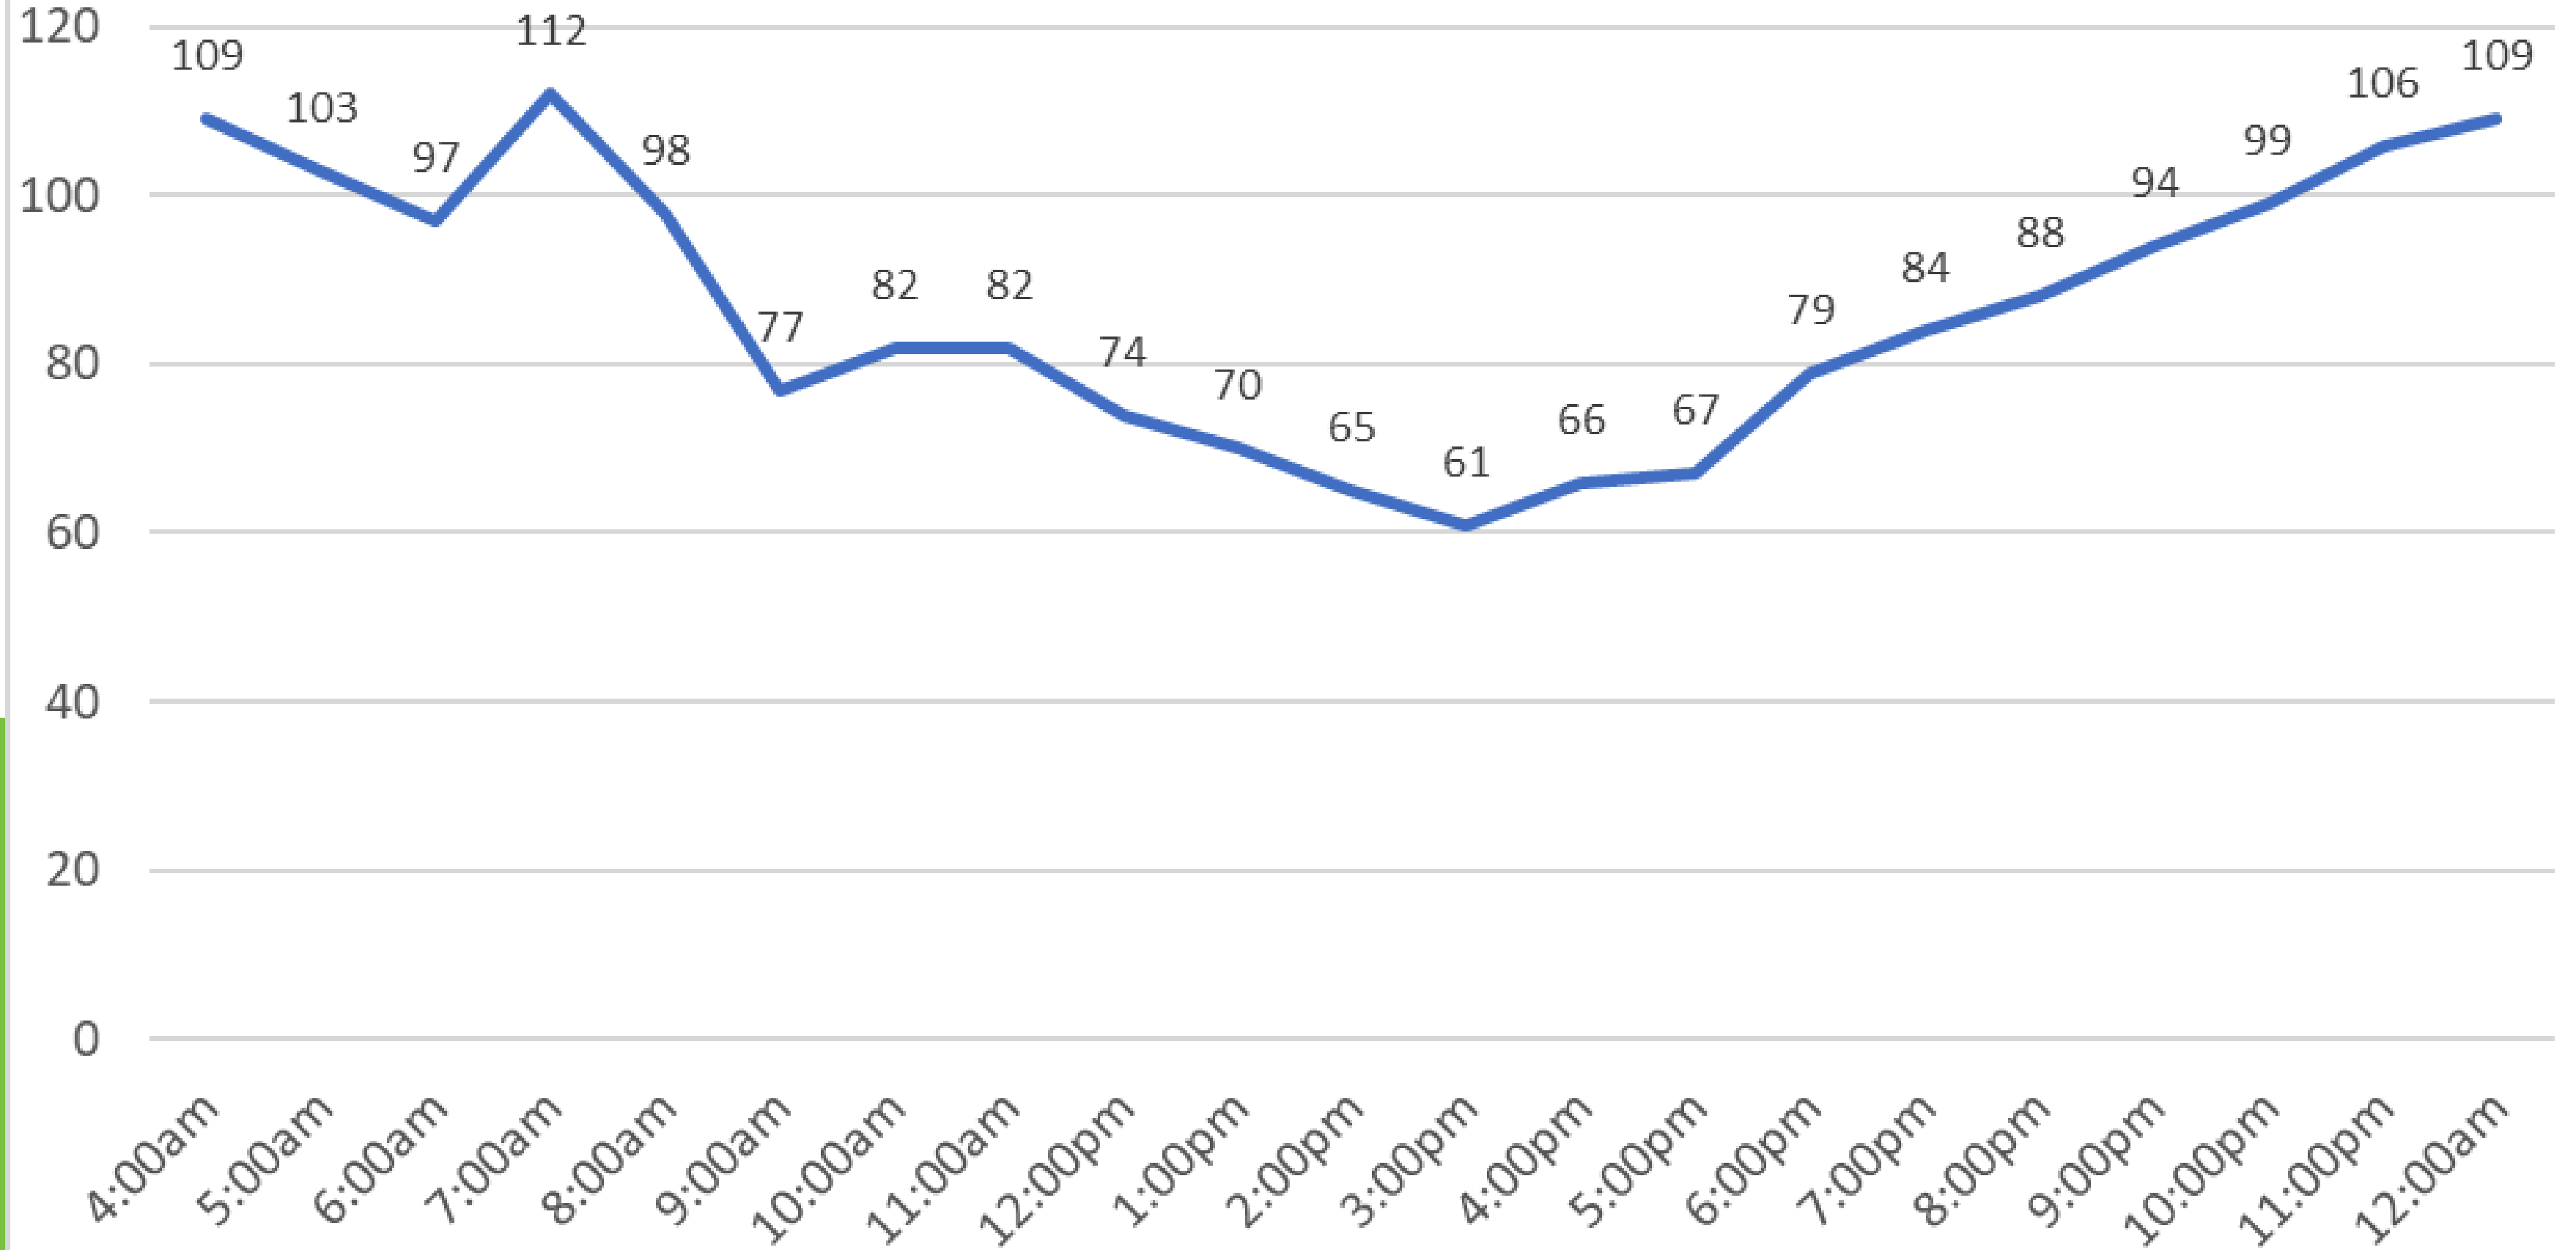

**\_\_\_\_\_ No on-street parking 12:00am to 6:00am**

- Alpine Brook Townhomes
